

Vanuatu Homes of Hope mission trips

Members of Hope Community Church support Volunteer Vanuatu, an organisation that coordinates teams of volunteers who travel to Vanuatu to participate in community development projects.

Together with members of the wider body of Christ, we have assisted with the building of small homes for needy families.

A team of approximately a dozen people raise funds for the building of a project and fund their own travel, accommodation and food. The coordinators of Volunteer Vanuatu arrange accommodation, meals and travel within Vanuatu. A team of local ni-Vans are paid to work alongside the visiting team and receive on the job training.

A home is built in one to two weeks and costs approximately \$10,000 AUD.

A family must qualify for the provision of a Home of Hope by:

- * owning their own land,
- * having an income,
- * having at least 2 children,
- * not having sufficient means to provide a home for themselves.

- What you can do:
1. Pray for Volunteer Vanuatu.
 2. Pray about whether God wants you to be involved in some way.
 3. Join a team who travels to Vanuatu for one to two weeks to participate in a community development project.
 4. Help with fundraising activities or donate money.
